FLIP BOOK

HAVE YOU EVER HEARD OF A FLIP BOOK?

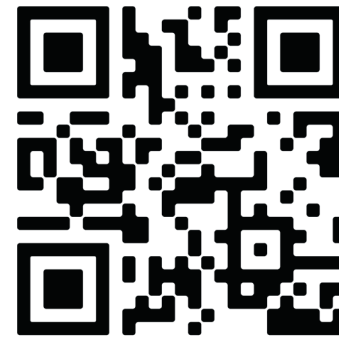

A flip book is a booklet with a series of images that very gradually change from one page to the next, so that when the pages are viewed in quick succession, the images appear to be animated by simulating motion or some other change.

This also explains the German translation: Thumb cinema (Daumenkino).

Be creative and make your own flip book!

Look at the flip book from our Education Box #2030.

Think of a little story about plastic waste pollution, plastic waste avoidance, recycling of plastic-waste or even everyday situations dealing with plastic. Present your cinematic book to your class!

Video developer: Gesine Harries leads various art projects with children in Berlin schools. In addition, she works as an art teacher in a kindergarten and on various art projects of her own!
